Jess –

At the last meeting, the City Council wanted me to move forward with purchasing a scanner for the CS0. Turns out, the CS0's radio can act as its own scanner, as it has the ability to pick up LASD frequencies. Would you be able to provide me with Temple Station's frequency, or put me in contact with someone who knows the frequency? In essence, we can turn the CS0's radio into a scanner, which would save me \$200 bucks.

Thanks,

Kevin
